## REVIEW IMMUNIZATIONS

- ☑ Review FORECAST and make recommendations
- ☑ Review patient history downloaded (new patient) or updated (existing patient) from the IIS
- ☑ Record **forecast interaction** in top line of vaccine history
  - \* Double click in box to add date
  - \* Click "add historical"

The screenshot shows the "Vaccination Forecast" interface. It includes a table with columns for Vaccine Family, Dose, Recommended Date, Minimum Valid Date, Overdue Date, and Status. Below the table is a "Vaccination View/Add" section with a grid for recording dates for various vaccines. The grid has columns for dates 1 through 6 and rows for different vaccine types. A green arrow points from the text "Review FORECAST and make recommendations" to the "Vaccination Forecast" section of the screenshot.
