

Uploading a SCORM Package

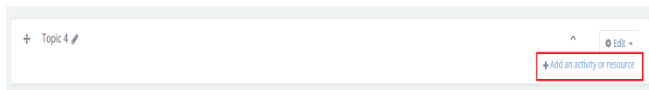

The following steps allows a teacher or manager to upload a SCORM package in a course on their STC|U site.

Uploading a SCORM Package

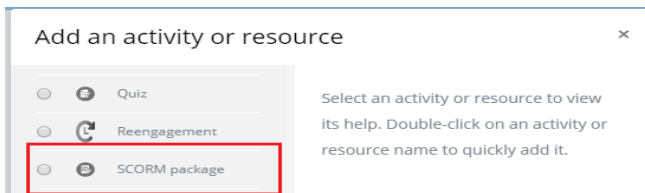

1. Log in to STC|U
2. Under **My Courses** on the left, select the course for which you want to add a SCORM Package
3. Click the gear button and select **Turn Editing On**

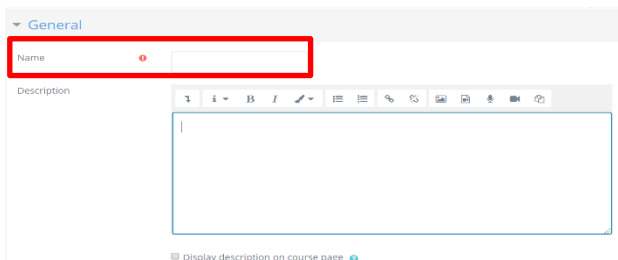

4. In the topic you wish to add your SCORM package to select **Add an Activity or Resource**

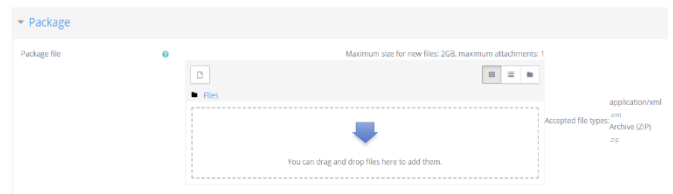

5. In the "add an activity or resource" pop-up select **SCORM Package > Add**

6. Enter a **Name**

7. Either:
 - a. **Drag and Drop** a SCORM package Zip File into the box with the arrow
 - b. Click the **Add** button to open the file picker menu and **select** SCORM package Zip File from computer

8. Select other settings as required
9. Click **"Save and Display"**
